Thanks for checking. It would be more appropriate to put them in the internal/draft/deliberative folder. Thanks!

Mick,

No problem. Would you prefer I put them in the internal/draft/deliberative folder or in the community outreach folder? Everyone has access to both folders, but if the statements are meant for EPA internally, it should probably go in the internal/draft/deliberative folder. If it is something we will share directly with residents and journalists, then we can place it in the comm outreach folder.

Ellen
